Message

It is heartening to learn that Indraprastha Power Generation Company Limited (IPGCL) and Pragati Power Corporation Limited (PPCL), the Power Generation Companies under the Govt. of NCT of Delhi, have successfully completed fourteen years of their operations on 1st July 2016. On this great occasion, I appreciate the substantial contribution of these companies for improvement of power scenario of Delhi after reinforcement of reforms.

The Power requirement of the Delhi has already reached above 6000 MW and would only grow in future. In order to cater to the increased requirement of Power in Delhi, IPGCL & PPCL would have to strive harder to maximize generation from available capacity at competitive pricing with high standard of environment protection.

I am also pleased to learn that IPGCL & PPCL is diversifying in to power from Renewable sources of energy and has taken up development of roof top Solar PV Power Plants at various locations of Delhi.

I convey my best wishes to all employees of IPGCL & PPCL on 14th anniversary of Foundation Day and wish for continued success in all their endeavors, which will bring improvement in the entire power sector in Delhi.

Suresh Kumar Jain
